Present: Patti Fields, Sarah Swisher, Steve Murley, Ann Feldmann

I. 2011 Legislative Priorities

Committee members discussed research and drafts of 2011 Legislative Priorities. Revised language for extension program priority was suggestive and the priority was revised. A clean draft of priorities will be distributed to committee members and the board in the board packet for the July 27 meeting. Patti will present the slate of recommended priorities to the board for discussion. IASB needs the final draft of priorities in August.

Research was reviewed and committee will return for next meeting with additional suggestions and talking points.

II. Strategies for 2011 Session

Committee reviewed materials and discussed using friendly language, having a stronger presence on website, a possible round table discussion with legislators on Channel 21 and adding additional days on the hill (making a stronger effort to have more participation).

Meeting adjourned 4:10 pm
